

Michael Dillon

Senior Manager

michael.dillon@saltmarshadvisors.com

Michael is a senior manager who manages across audit and advisory engagements. He began his career in public accounting over 16 years ago, focusing on audit and assurance engagements. His primary areas of experience include providing audit and advisory services to clients in industries for healthcare, real estate and private equity companies.

His expertise includes financial reporting, compliance, and delivering strategic insights to help clients navigate complex regulatory environments. Prior to joining Saltmarsh, Michael served in leadership roles as a controller and VP of Accounting for real estate development companies. His combined background in public accounting and private industry allows him to offer a well-rounded, practical approach to client service.
