

Stephen Reyes, CISA, CISSP

Partner

stephen.reyes@saltmarshadvisors.com

Stephen is a partner who leads across information technology services, IT compliance, and security audits. He began his career in technology consulting over 30 years ago and joined the firm in 1997.

He holds multiple professional certifications, including Certified Information Systems Auditor (CISA), and Microsoft Certified Systems Engineer (MCSE), along with credentials from ISACA, Novell, Citrix, and CompTIA. Stephen specializes in IT compliance and security audits, system selection, implementation, and conversion. His extensive expertise helps clients align their technology infrastructure with operational and regulatory demands.
